Operational Fragmentation Checklist

How many of these are happening in your operation?

SCHEDULING:

- [ ] No-shows trigger manual rescheduling
- [ ] Multiple systems updated per shift change
- [ ] Payroll and invoices adjusted by hand

PATROLS:

- [ ] Supervisors verify rounds manually
- [ ] Officers text/call to confirm completion
- [ ] No automated proof of presence

REPORTING:

- [ ] Supervisors rewrite officer reports
- [ ] Reports arrive late or incomplete
- [ ] Attachments go missing

CLIENT REPORTING:

- [ ] Reports built in spreadsheets
- [ ] Data copied from multiple tools
- [ ] Reports emailed as attachments

BILLING & PAYROLL:

- [ ] Billing takes more than 3 days
- [ ] Payroll corrections are common
- [ ] Disputes delay cash flow

Checked 5+ boxes?

You don't have a scheduling problem — you have a fragmentation problem.

Let's get automating.
